IHA Partner's Corner
Dogs Forever

Meet Truman! He is currently under the care of Dogs Forever and available for adoption. Dogs Forever is a local non-profit, adoption guarantee shelter. IHA and Dogs Forever share a common vision: a safe forever home for Iowa's companion animals. The ongoing partnerships that IHA has forged with Dogs Forever and other area shelters and rescue groups are helping to bring euthanasia of healthy and adoptable animals to an end.

April is canine fitness, heartworm, and pet first aid national awareness month. Find out what the American Veterinary Medical Association suggests you do to best care for your pet.

April is a great month to adopt a fitness routine with your dog. Whether you choose a regular dog jog, walk, swim, fetch, catch or agility training, your dog will be happier and healthier ...and you could benefit too!

[Find out more here.](#)

Heartworm effects both cats and dogs and is transmitted by mosquitos. Heartworms cause inflammation and damage to the heart, arteries, and lungs. Prevention is key!

[Find out more here.](#)

First aid for pets should never be used as a substitute for veterinary care. But it may save your pet's life before you can get your pet to a veterinarian.

[Here are some basic procedures recommended by the AVMA.](#)
