### Dear Supporter,

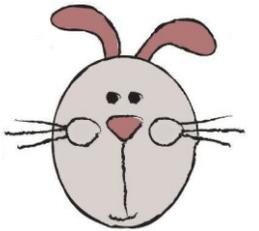

Welcome  
Dr. Paula Reisdorff  
to the  
Iowa Humane Alliance  
medical team

Dr. Paula Reisdorff brings with her, 16 years of spay/neuter surgery and emergency pet care experience.

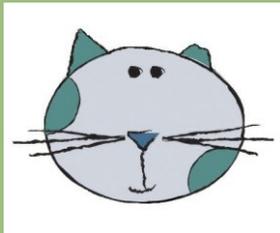

She chooses to focus her energy on because she enjoys surgery, helping under-resourced individuals, and wants her efforts to make the most impact.

Recently, Dr. Reisdorff moved from Alabama and is currently living on a farm in Dysart with her husband and two daughters.

In her spare time, she judges dairy. Her family enjoys having three dogs and a small clowder of cats.

## IHA Partner's Corner Safe Haven of Iowa County practicing TNR

First two...then seven! Most people that reach out for help in these situations started out with great intentions of helping a stray kitty. Our mission is to help educate people in our community. While food and shelter are a primary focus, our goal is to be proactive to get ahead of the population boom and get our community cats spayed and neutered.

Iowa Humane Alliance makes this possible. By providing high-quality, low-cost services, thousands of community cats are spayed and neutered each year! We are so lucky to have this service and would not be able to tackle this mission without them!

**August is National Immunization Awareness Month. Do you know which vaccines IHA offers at the time of spay/neuter surgery and what they protect against?**

### **Canine DHPP**

Helps protect against:  
**D**istemper, **H**epatitis,  
**P**arainfluenza, and  
**P**arvovirus.  
This vaccine is not required  
but strongly recommended.

### **Feline FVRCP**

Helps protect against:  
**F**eline **V**iral **R**hinotracheitis,  
**C**alicivirus, and  
**P**anleukopenia.  
(Panleukopenia is often  
incorrectly referred to as  
Feline Distemper). This  
vaccine is not required but  
strongly recommended.

### **Rabies**

Helps protect against  
Rabies. This vaccine is  
required for both cats and  
dogs with unknown vaccine  
status, or animals whose  
vaccine has lapsed/expired.
